ABOUT US

Established in 2002, Nomadik Stretch Tents™ is a globally recognised manufacturer and supplier of “the original all-weather stretch tent”.

For over 23 years, the Nomadik Stretch Tents™ brand has set the industry standard, standing for uncompromising quality, innovation and the best quality product on the market.

Our headquarters and manufacturing facility are based in Johannesburg, South Africa, supported by distribution offices in the Netherlands, France, Germany, and the UK.

These offices stock a wide range of pre-made tents, poles and accessories readily available for immediate dispatch.

By offering local stock, we eliminate long lead times, international freight costs and import duties and ensures fast, seamless service across each region.

We sell and distribute throughout the EU, UK, Eastern Europe, the Baltics and the Nordic countries and we offer professional tent installation services for first-time buyers.
